

FORMA 1000 ROOM DIVIDER

WITH FLA4 790 AUTOMATIC BEV® BURNER

Net Zero fireplace with the BEV Technology®

AUTOMATIC BEV® BURNER

The automatic burner with the patented BEV Technology® is the most advanced product in the industry ensuring the cleanest burning process without any smoke, smell or ash. The flame is produced by combusting ethanol vapours and has no direct contact with the liquid fuel.

NEW BURNER DESIGN

The FLA4 design features a sleek black burner with a hidden filament and a holder-free glass panel that seamlessly slides into place. This contemporary update offers both aesthetic appeal and enhanced functionality.

TRUE ZERO CLEARANCE

Zero clearance fireplaces, designed to be safely installed with combustible materials like wood or drywall, revolutionize traditional fireplace installation and design, allowing for the creation of sleek media walls by enabling a TV to be mounted directly above.

REMOTE CONTROL

Control the fire with the included remote, app on your smartphone or home automation system.

AUTOMATIC REFILLING SYSTEM

The automatic pump communicates with the device, delivering the necessary amount of fuel. There is no risk of overfilling the tank or spilling the fuel.

INNOVATIVE TOUCH CONTROL PANEL

The touch control panel in the FLA4 fireplace combines modernity with elegance, being concealed behind a flap. With it, you can easily adjust the fireplace settings, check fuel levels, or set a shut-off timer. Additionally, the child lock feature ensures safety for the youngest users.

BEST BUILD QUALITY

The product passed extensive tests carried out by the leading certification institutes. It is manufactured according to UL standards and is O-TL certified, meeting the most demanding safety and quality requirements.
